THE WAYS OF DEMOCRATS.

A Rolls of Rebellion-How Thomas A. Rendricks Stood in the Hour of His Country's Peril-And the Way in Which He Appealed to the Paople.

In September, 1864, when Grant held the robellion by the throat in front of Richmond, when Sherman was marching to the son, and Thomas was watching Hood in Tonnessee, Thomas A. Hondricks was engaged in discouraging onlistments, and ondeavoring to get up a "fire in the rear" in the North. Here is the way in which he announced himself, as he traveled from town to town. The Democratic National Committee should by all means induce him to repeat his Seymour speech:

> DEMOGRATIO MASS MEETING.

Hon, Thomas A. Hendricks Will address the People of Jackson and Adjoining Counties at SEYMOUR, INDIANA.

On Wednesday, September 14, 1864 at 10 o'clock.

Let all who FAVOR PEACE, all who oratic nominee will be exposed and desire to be true from the death-grip | exploded. of this infamous, wicked, imbecile and tyrannical Administration, its arbitrary and illocal arrests, and its drafts and conscription laws, by which peaceful citizens are dragged from their homes, and all the endearments of domestic life, to butcher and be butchered. Come our and hear this advocate of peace and reunion. Como in wagons, como on horses, come by railroad and on foot. Bring your neighbors, and especially your reasoning Ropublican neighbors who are seeking after the truth. Bring your baskets well filled with something to oat. Other able speakors will be in attendance. Ladies especially invited. If possible arrangements will be made with railroads to carry at HAGE PARE.

Aug. 29, 1864.

THE SHAM REPORMER.

The friends of Tilden have deter mined, if possible, to ignore every other issue in the present campaign save that of reform and retrenchment in the administration of Government. They oldin for the Democratic candidate for the Presidency, that he personifies economy in private and public expenditure and, as regards the latter, they claim that he has reduced the State expenses of New York to the amount of six millions of dollars in one year. This bold and reckless assortion has caused a close investigation into the facts attending this reduction in State expenditures, and it is as clear as the sun at noon-day that Tilden has claimed a credit for retronchment which really belongs. to the Republican party of the Empire State. In the four years from 1868 to 1872 (when the State Government was administered by the Domoccutal the State (Bonnty) dobt was reduced five and one-half millions of dollars. In the subsequent four years (from 1872 to 1878, during which the financial administration of the State was in the hands of the Republicans) the State (Bounty) debt was reduced nineteen and one-half millions of dollars. In addition to this direct reduction of dobts the revenue of 1875 was increased by an increase of the value of assessable property over that of 1874, when the assessment was made. Thus it will be readily soon that all the credit due for retronching State expenditures belond to the Republican party, and that Mr. Tilden has had nothing whatever to do with it. This Demogratic bubble has been punctured. Before the close of the emvassall the other shams which are put forth to bolstor up the Denio-
